10th IPA ADRION MONITORING COMMITTEE MEETING SUMMARY

The 10th IPA ADRION Monitoring Committee meeting took place in Sibenik (Croatia) and online on 13 May 2024. The MC defined the structure of the future strategic projects addressed to the partnerships of the projects granted under the fifth call for proposals in the programming period 2014-2020, and aimed at the realization of transnational university masters on several topics under innovation and environment.

The MC also went on with the definition of the future restricted call for proposals open to the wide public and expected to be launched in spring 2025.
